

Exciting Updates Regards to Student Housing

Due to the current construction of CMU's new campus, our pilot class of Fall 2010 will have the opportunity to upgrade the first year of their student housing from student dormitory on campus, to a luxury hotel right by campus. Under special arrangement by CMU and Hotel Ibis (a world-wide hotel gain based in France), students from the class of Fall 2010 will be lodging at Hotel Ibis during their first year at CMU. Our students

will then move into the new CMU campus dormitory by their second year. Hotel Ibis is conveniently located right across the street from CMU main campus.

“...This will increase their hospital beds to 10,000, in which CMU will become the largest teaching hospital system in China”

Student Visa

Several students from the Fall 2010 class are currently receiving their student visa and are preparing for their upcoming trip to China. Many students are still in the process of submitting their JW202 and CMU admission notice for their student visa process. Typical processing time frame for student visa is approximately 4 business days.

Student Travel Schedule

Following the White Coat Ceremony, students for the class of Fall 2010 will be leaving for China on September 27th, in preparation for their first semester. First day of instruction will be on Monday, October 11th, after a one-week holiday celebration for the National Day of the People's Republic of China. Beth Healthcare's management staff will also accompany students on their first trip to China. Airport transportation will be arranged by CMU.

Student Orientation and White Coat Ceremony

Student Orientation and White Coat Ceremony will be held on Saturday, September 18. The Student Orientation will start at 10:00AM and will end around 6:00PM. Several topics will be covered during the Student Orientation, some of the topics include in depth description of our program, program curriculum, CMU school system, China medical degree system, living in China, and Chinese culture and customs. Students will also have the opportunity to get to know their fellow classmates. Lunch will be provided.

Follow by the Student Orientation, a White Coat Ceremony celebration dinner will be held. During the White Coat Ceremony, students will be joined by friends and family to celebrate their admission to CMU. Each student will be given a White Coat, which signifies the start of their journey towards a medical career.

Title IV Applicaton

Besides NCFMEA, the company is now under the process of applying for Title IV qualification with the U.S. Department of Education on behalf of CMU, so that our students will be able to secure their student loan with commercial banks in the U.S. for their study in China.
